Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: proposed amendments to the independent claims (claims 1, 8, and 27) were discussed. The proposed amendment would overcome the rejections made in the first office action mailed 05/02/2007 pending further search and study, but the examiner notified the representative of the applicants that the amendment did not have a support in the original disclosure. The agreement reached was that the applicants will try to specifically show the support in the original disclosure for the proposed amendment or further amend the claims accordingly.
